§ 4.1-31-02. Inspectors--Appointments--Duties

1. The commissioner shall appoint inspectors to examine and inspect meat food products prepared solely for intrastate commerce in a slaughtering, meat canning, salting, packing, or similar establishment. The inspections must take place at any time during which the slaughtering of animals or the preparation of meat food products is being conducted. Upon completing an inspection, the inspector

shall mark, stamp, tag, or label the product "North Dakota inspected and passed" if it is unadulterated or as "North Dakota inspected and condemned" if the product is found to be adulterated.

2. The commissioner shall appoint inspectors to examine and inspect each slaughtering, meat canning, salting, packing, or similar establishment in which meat food products are prepared solely for intrastate commerce. The commissioner shall adopt rules of sanitation applicable to these establishments. The commissioner may not allow any meat food product from any facility not meeting the sanitary conditions required by those rules to be labeled, marked, stamped, or tagged as "North Dakota inspected and passed".

3. Meat food products inspected and passed under this chapter may be sold at retail in this state.

4. Neither the commissioner, nor any inspector appointed by the commissioner, may undertake any activity that is duplicative of an activity performed by meat inspectors of the United States department of agriculture.

§ 4.1-31-03. Access by inspectors--Penalty

1. For purposes of enforcement of this chapter, the commissioner may enter and inspect:

a. Any place where food or any other product, the manufacture, sale, use, or transportation of which is restricted, regulated, or prohibited by a law of this state, is or may be manufactured, prepared, stored, sold, used, transported, offered for sale or transportation, or possessed with intent to use, sell, or transport;

b. Any place where an animal is pastured or stabled;

c. Any vehicle used to transport a meat food product or an animal;

d. Any place where food is or may be cooked, prepared, sold, or kept for sale to or for the public or distributed as a part of the compensation of an employee or agent; and

e. Any place where a meat food product may be manufactured, sold, used, offered for sale or transportation, or possessed with intent to use, sell, or transport.

2. The commissioner may inspect any container believed to hold food, a food ingredient, or some other product, the manufacture, use, sale, or transportation of which is restricted, regulated, or forbidden by state law, and may take samples from it for analysis.

3. It is a class A misdemeanor for any person to obstruct entry or inspection under this chapter or to fail, upon request, to assist in an inspection authorized by this chapter.

§ 4.1-31-04. Marks and labels

1. If a meat food product that is inspected and marked "North Dakota inspected and passed" is being placed or packed in a container, the person preparing the product shall attach to the container, under supervision of an inspector, a label indicating that the product has been "North Dakota inspected and passed". An inspection under this chapter is not complete until the product has been sealed or enclosed in the container, under the supervision of an inspector.

2. A meat food product inspected under this chapter and found not to be adulterated must bear, directly or on its container, a legible label or official mark as required by the commissioner.

3. The commissioner shall prescribe by rule the style and size of type to be used in labeling meat under this chapter and standards of identity, composition, and fill of container for meat food products inspected under this chapter, but the standards must be consistent with those established under federal law.

§ 4.1-31-05. False or misleading marks, labels, and containers

A person may not sell in intrastate commerce any meat food product subject to inspection under this chapter under a name, mark, or label that is false or misleading, or in a container of a misleading form or size. If the commissioner has reason to believe that a mark, label, or container is false or misleading, the commissioner may direct that its use be withheld unless the mark, label, or container is modified in a manner approved by the commissioner. If the person using or proposing to use the mark, label, or container does not accept the determination of the commissioner, the person may request a hearing. The commissioner may direct that the mark, label, or container not be used pending a hearing and final determination by the commissioner. A determination by the commissioner is conclusive unless the person adversely affected appeals to the district court within thirty days after receiving the notice of final determination.

§ 4.1-31-05.1. Misrepresentation of cell-cultured protein as meat food product prohibited

1. A person may not advertise, offer for sale, sell, or misrepresent cell-cultured protein as a meat food product. A cell-cultured protein product:
 - a. May not be packaged in the same, or deceptively similar, packaging as a meat food product; and
 - b. Must be labeled as a cell-cultured protein food product.
2. For purposes of this section, “deceptively similar” means packaging that could mislead a reasonable person to believe the product is a meat food product.

§ 4.1-31-06. Prohibitions

A person may not:

1. Slaughter an animal or prepare an article usable as human food at any establishment preparing articles solely for intrastate commerce, unless the person complies with this chapter;
2. Sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce any article that is usable as human food and which is adulterated or misbranded or any article that has not been inspected and passed under this chapter; or
3. Alter an article that is usable as human food while the article is being transported in intrastate commerce or held for sale after transportation, if the alteration is intended to cause or has the effect of causing the article to be adulterated or misbranded.

§ 4.1-31-07. Official marks and certificates--Required authorization

A person may not:

1. Cast, print, or otherwise make a device containing an official mark, simulation of an official mark, label bearing a mark or simulation, or form of official certificate or simulation, without authorization from the commissioner;
2. Forge an official device, mark, or certificate;
3. Use a real or simulated official device, mark, or certificate, or alter, detach, deface, or destroy an official device, mark, or certificate, without authorization from the commissioner;
4. Fail to use an official device, mark, or certificate if appropriate;
5. Knowingly possess, without promptly notifying the commissioner, a counterfeit, simulated, forged, or improperly altered official certificate, device, or label, or a carcass bearing a counterfeit, simulated, forged, or improperly altered official mark;

6. Knowingly make a false statement in a certificate; or

7. Knowingly represent falsely that an article has been inspected and passed, or exempted, under this chapter.

§ 4.1-31-08. Horse meat--Requirements

A person may not sell, transport, offer for sale or transportation, or receive for transportation in intrastate commerce carcasses of horses, mules, or other equines or meat food products derived from them, unless they are plainly and conspicuously marked, labeled, or otherwise identified to show the kinds of animals from which they were derived. The commissioner by rule may require that the preparation of equine carcasses and equine meat food products take place in establishments separate from those in which cattle, sheep, swine, or goats are slaughtered or in which their carcasses or meat food products are prepared.

§ 4.1-31-09. Bribery

A person may not give or receive anything of value to influence the performance of an inspector under this chapter.

§ 4.1-31-10. Individual and custom processing--Exemption from inspection requirements

1. This chapter does not apply to an individual processing the individual's own animals and the individual's preparation and transportation in intrastate commerce of the carcasses and meat food products provided the animals are for the exclusive use of the individual, members of the individual's household, the individual's nonpaying guests, and employees.

2. The provisions of this chapter requiring inspection of the slaughter of animals, the preparation of the carcasses and meat and meat food products at establishments conducting those operations do not apply to the custom processing by a person of animals delivered by the owner for processing, and the preparation or transportation in intrastate commerce of the carcasses and meat food products of the animals, provided the products are to be used exclusively in the household of the animal's owner by the owner and members of the owner's household, nonpaying guests, and employees.

3. A custom processor may not engage in the business of buying or selling carcasses or meat food products of animals, other than poultry, usable as human food unless the carcasses or meat food products have been inspected and passed and are identified as inspected and passed by the commissioner or the United States department of agriculture.

4. The provisions of this chapter requiring inspection of the preparation of poultry carcasses and poultry food products at establishments conducting those operations do not apply to any retailer with respect to poultry products sold in commerce directly to consumers in an individual retail store, provided the retailer does not engage in the business of custom slaughter, and provided the poultry products sold in commerce are derived from poultry inspected and passed by the commissioner or the United States department of agriculture.

§ 4.1-31-11. Storing and handling conditions

The commissioner shall adopt rules regarding the manner in which all carcasses and meat food products of animals usable as human food and subject to this chapter must be stored, handled, and transported.

§ 4.1-31-12. Articles not intended as human food

The commissioner may not provide inspection under this chapter at an establishment for the slaughter of animals or the preparation of carcasses or parts or products of animals which are not intended for use as human food. Before these articles are offered for sale or transportation in intrastate commerce,

the articles must be denatured or otherwise identified, as prescribed by rules of the commissioner, to deter the articles use for human food, unless the articles are naturally inedible by humans. A person may not buy, sell, transport, offer for sale or transportation, or receive for transportation, in intrastate commerce, any carcasses or meat food products of animals which are not intended for use as human food, unless the articles are denatured or otherwise identified.

§ 4.1-31-13. Records

The following persons shall keep records that fully and accurately disclose the transactions described:

1. A person in the business of slaughtering animals or preparing, freezing, packaging, or labeling animal carcasses or products of carcasses for use as human or animal food.
2. A person buying, selling, transporting, or storing animal carcasses or products of animal carcasses.
3. A person rendering or buying, selling, or transporting dead, dying, disabled, or diseased animals or the carcasses of animals that died other than by slaughter.

§ 4.1-31-14. Records--Examination

Upon notice by the commissioner, any person subject to the recordkeeping requirements of this chapter shall give the commissioner and the United States department of agriculture access to the person's place of business at all reasonable times and an opportunity to examine the facilities, inventory, and records of the business, to copy business records, and to take reasonable samples of the person's

§ 4.1-31-15. Records--Retention

Any person subject to the recordkeeping requirements of this chapter shall maintain the records for the period prescribed by the commissioner.

§ 4.1-31-16. Registration of business

A person may not engage in intrastate business as a meat broker, renderer, or animal food manufacturer; a wholesaler of animal carcasses intended for human food or other purposes; a public warehouse operator storing carcasses of animals in or for intrastate commerce; or a buyer, seller, or transporter of dead, dying, disabled, or diseased animals, or the carcasses of animals that died other than by slaughter, unless the person first provides the commissioner with the person's name, the address of each place of business under which the person conducts business, and all trade names under which the person conducts business.

§ 4.1-31-17. Dead, dying, disabled, or diseased animals--Rules

The commissioner shall adopt rules to ensure dead, dying, disabled, or diseased animals are not used as human food.

§ 4.1-31-18. Cooperation with federal government

The commissioner shall cooperate with the United States department of agriculture to develop and administer the state meat inspection program provided for under this chapter and to ensure its requirements are at least equal to those imposed by federal law. The commissioner may accept, from the United States department of agriculture, advice and assistance in planning and otherwise developing the state meat inspection program; technical and laboratory assistance and training, including necessary curricular and instructional materials and equipment; and financial and other assistance for the administration of the program.

§ 4.1-31-19. Refusal or withdrawal of inspection

1. For the length of time the commissioner considers necessary to carry out the purposes of this chapter, the commissioner may refuse to provide, or may withdraw, inspection services from an

establishment if after a hearing the commissioner determines that the recipient or potential recipient is unfit to engage in any business requiring inspection under this chapter because the recipient, potential recipient, or anyone responsibly connected with the recipient or potential recipient has been convicted of:

- a. An offense determined by the commissioner to have a direct bearing on the person's ability to serve the public in a business requiring inspection under this chapter, or the commissioner determines the person is not sufficiently rehabilitated under section 12.1-33-02.1;
- b. More than one violation of a law based on the acquisition, handling, or distributing of unwholesome, mislabeled, or deceptively packaged food; or
- c. Fraud in connection with transactions involving food.

2. For the purpose of this section anyone responsibly connected with a business means an individual who is a partner, officer, director, holder, or owner of ten percent or more of its voting stock or an employee in a managerial or executive capacity.

§ 4.1-31-20. Detention of animals or products

1. An inspector may detain an article or animal for up to twenty days pending a hearing or notification of authorities having jurisdiction over the article or animal if the inspector finds the article or animal on premises where it is held for purposes of, during, or after distribution in intrastate commerce and the inspector reasonably believes:

- a. The article or animal is adulterated or misbranded and would otherwise be usable as human food;
- b. The article or animal has not been inspected, in violation of this chapter or federal law; or
- c. The article or animal has been or is intended to be distributed in violation of this chapter or federal law.

2. Until it is released by the commissioner, a detained article or animal may not be moved by any person from the place at which it was located when detained. The commissioner may require all official marks to be removed from the detained article or animal before it is released unless the commissioner is satisfied the article or animal is eligible to retain the official marks.

§ 4.1-31-21. Seizure and condemnation

The commissioner may initiate action to seize and condemn a carcass or meat food product, or a dead, dying, disabled, or diseased animal that is being transported in intrastate commerce, or is held for sale in this state after transportation in intrastate commerce if:

1. The article is or has been prepared, sold, transported, or otherwise distributed or offered or received for distribution in violation of this chapter;
2. The article is adulterated or misbranded and not suitable for use as human food; or
3. The article is in any other way violative of this chapter.

§ 4.1-31-22. Destruction or sale of condemned items

If an article or animal is condemned, it must be disposed of by destruction or sale, as directed by a court. If an article or animal is sold, the proceeds must be paid to the state, less the court costs, fees, storage, and reasonable expenses, but the article or animal must not be sold contrary to this chapter or federal law. If a bond is delivered conditioned that the article or animal not be sold or otherwise disposed of contrary to this chapter or federal law, the court may direct the article or animal be delivered to its owner subject to supervision by the commissioner.

§ 4.1-31-23. Types of proceedings--Award of costs

If a decree of condemnation is entered against an article or animal and it is released under bond or destroyed, a court may award costs, fees, storage, and other reasonable expenses against any person intervening as a claimant of the article or animal. Either party to a proceeding may demand trial by jury of any issue of fact joined in the case, and all proceedings must be in the name of the state. Nothing in this section changes the authority for condemnation or seizure otherwise conferred by law.

§ 4.1-31-24. Powers of commissioner

For the purposes of this chapter, the commissioner may:

1. Gather and compile information concerning and investigate the organization, business, conduct, practices, and management of a person in intrastate commerce and the person's relation to other persons.
2. Require a person engaged in intrastate commerce file with the commissioner, in the form and manner prescribed by the commissioner, annual and special reports or written answers to specific questions, giving the commissioner the information the commissioner requires about the organization, business, conduct, practices, management, and relation to other persons, of the person filing the reports or answers.
3. Examine and copy documentary evidence of a person being investigated or being proceeded against. A person may not refuse to submit to the commissioner, for inspection and copying, any documentary evidence of a person subject to this chapter in the person's possession or control.
4. Fix the time of filing for a person required by this chapter to file an annual or special report. A person required by this chapter to file an annual or special report may not continue the failure for thirty days after notice of failure to file.
5. Adopt rules to implement this chapter, including establishing inspection fees for providing inspection services under this chapter.

§ 4.1-31-25. Interstate shipment

Meat and meat products inspected under this chapter may be shipped in interstate commerce when federal law permits state-inspected meat and meat products to be marketed interstate.

§ 4.1-31-26. Penalties

1. A person who willfully violates a provision of this chapter is guilty of a class A misdemeanor.
2. A person willfully violating this chapter or a rule adopted under this chapter is subject to a civil penalty not to exceed two hundred fifty dollars for each violation. The civil penalty may be imposed by a court or by the agriculture commissioner in an administrative proceeding.
3. Imposing a penalty allowed in subsection 1 or 2 does not preclude the commissioner from seeking to impose other sanctions or from seeking other remedies for violation of this chapter or rules adopted under this chapter.
