Before issuing any license required by the provisions of this section, the commissioner shall inspect the applicant's establishment and if the commissioner is satisfied that the establishment is clean and sanitary, is properly equipped, and is in conformity with the provisions of this article and any reasonable rules promulgated by the commissioner, and if he or she is further satisfied that the carcasses, meat products or poultry products to be sold or offered for sale therefrom through commercial outlets will be wholesome and unadulterated, he or she shall issue the license. Each license shall specify the location of the establishment at which the licensee shall carry on his or her operations. The license shall also contain the establishment number assigned by the commissioner.

(b) When a licensee changes the location of his or her establishment, he or she shall not operate at such new location unless and until his or her establishment at such new location has been inspected by the commissioner and a new license has been issued, or when a licensee leases, sells, changes name, incorporates or in any other way changes the status of his or her establishment with relationship to issuance of current license, the new lessee, owner, etc., shall not operate at the location unless and

until the establishment at such location has been inspected and approved by the commissioner and a new license has been issued in accordance with the provisions of subsection (a) of this section: Provided, That a fee shall not be charged for such new license during the license year in which the change in location or change in ownership, name or leasing was made.

(c) The commissioner may refuse to grant a license or may suspend or revoke a license issued under the provisions of this section whenever he or she finds that the applicant's or licensee's establishment, as the case may be, is not clean or sanitary, or is not properly equipped, or is not in conformity with the provisions of this article or any reasonable rules promulgated by the commissioner, or if he or she finds that the carcasses, meat products or poultry products to be sold or offered for sale therefrom through commercial outlets are or will be adulterated.

Upon the refusal to grant a license, the commissioner shall furnish a written statement to the applicant specifying the grounds for such refusal. No such revocation or suspension of a license shall be effective until the licensee has received written notice thereof, which notice shall specify the grounds for such revocation or suspension.

Whenever there is sufficient cause for the revocation or suspension of a license as hereinabove specified, the commissioner may in lieu of such revocation or suspension, suspend inspections at the establishment. Immediately upon suspension of such inspections the commissioner shall give the licensee written notice thereof, and such notice shall contain a recitation of the deficiencies which must be fully and completely corrected before inspections shall be resumed.

Upon receipt of a written statement advising that a license has been refused or upon receipt of a written notice of the revocation or suspension of a license, or upon the suspension of inspections at the licensee's establishment, the applicant or licensee, as the case may be, may, in writing, demand a hearing. The commissioner shall hold such a hearing within ten days after receipt of such written demand, in accordance with the provisions of section nine of this article.

§ 19-2B-5. Access to establishments, records, etc.

The commissioner may at any time enter upon and inspect any establishment, place, premises or conveyance, either private or public, where animals or poultry are slaughtered or carcasses, meat products or poultry products are processed, handled, stored, transported, distributed, sold or offered for sale, for the purpose of examining such animals or poultry, carcasses, meat products or poultry products. (d) The commissioner shall inspect all establishments under state inspection to make certain that they are operating in accordance with the provisions of this article and all reasonable rules promulgated by the commissioner.

(e) When one inspector is assigned to make inspections at two or more establishments where few animals or poultry are slaughtered, or where small quantities of carcasses, meat products or poultry products are processed, or where the operations at such establishments are sporadic, and such establishments in any of such cases are in reasonable close proximity to one another, the commissioner, giving full consideration to the convenience of the licensees of such establishments and considering the available inspection work force, may by written notice to such licensees specify a reasonable schedule for such operations: Provided, That the commissioner may not require operations other than during normal working hours.

(f) Every conveyance used by any establishment under state inspection, and, notwithstanding the provisions of section seven of this article, every conveyance used by any slaughterhouse, processing plant or distributor inspected by the United States department of agriculture, for the transportation of carcasses, meat products or poultry products shall be maintained in a clean and sanitary condition and may be inspected in accordance with the provisions of this article and reasonable rules promulgated by the commissioner.

Such devices and labels shall be under the exclusive control and supervision of the commissioner. The label used by any licensee shall be of the form and size prescribed by reasonable rules promulgated by the commissioner.

Meat that has been boned out, cut from primal parts or otherwise changed so that the inspection legend is no longer plainly visible, and meat products and poultry products that are too small to be marked with the inspection legend shall be

packed in closed containers to which shall be affixed the label indicating that the meat products or poultry products contained therein have been inspected and passed. Upon removal of the contents of such containers bearing such label, the label shall be defaced to prevent its reuse.

Whenever the commissioner is authorized or empowered to take any of the actions specified in this subsection, he or she may order and direct the person having custody or possession of such animal or poultry, carcass, meat product or poultry product, or the licensee of the establishment in which it is found, to be responsible for the disposition thereof, as well as any necessary storage, handling or other incidentals related thereto. Such disposition shall be carried out only under the direction and supervision of the commissioner.

(o) Whenever practicable, the commissioner shall forego the actions authorized in the immediately preceding subsection and permit reprocessing if such reprocessing will correct or eliminate the conditions which would have justified any of such actions. Any such reprocessing in this state shall be under the supervision of the commissioner.

(p) Whenever the commissioner has good cause to believe that any carcass, meat product or poultry product whether fresh, frozen, or processed, and which is intended to be sold or offered for sale through a commercial outlet or distributor, may be adulterated or otherwise injurious to health, he or she may inspect or reinspect the same under the provisions of this article and any reasonable rules promulgated by him or her, even though such carcass, meat product or poultry product may have been previously inspected and passed.
